Nurture Strive Achieve

A message from the headteacher

My new year's resolution was to visit every class every day when I was on school site. So far I am yet to break it! What has been most pleasing about me keeping this new year's resolution has been seeing the amazing learning that takes place in our school every single day! Our team are very committed to ensuring that all pupils are challenged yet also experience success in their learning, this has been evident in all of the lessons that I have seen. It has also been very pleasing to see how engaged and motivated children are in their learning. They want to talk about how their lessons build upon their previous learning and what they are working towards. I am really proud of the improvements we have made to the quality of education at Rowner. Another way of us finding out how we are doing is to ask you for your thoughts and opinions. Please look out for details of a parent survey coming home soon—we really value your thoughts and want to ensure that we respond to any areas or ways that you think we can improve.

Home learning help

There are several ways you can help your child to consolidate their learning at home. All children should be bringing a reading book and a reading journal home, please try to hear your child read or talk to them about their reading as often as you can. Please ensure you are signing the reading journal so we can celebrate their reading at home in school.

All children also have a Sumdog, Times Table Rockstars and Spelling Shed log in, please encourage your child to play the 'games' within these apps, they support their learning in class and encourage children to apply their learning too.

Safety around our school

We continue to receive complaints and concerns about the parking and driving around our school site. The safety of our pupils and community is paramount and we are very concerned that we are continuing to have ongoing problems. The zig zag lines are not to be parked on at the front of the school and parking on corners is causing a risk to children crossing the roads. We have alerted the local community police officers every time we have a concern raised in school and they have agreed to continue to randomly monitor the parking. Please can we all try to be considerate of each other; parking further away from the school and walking in would help us alleviate these problems.
