Rowner News

30th April 2021

Message from Miss Payne

I hope you had a lovely Easter break and had the opportunity to enjoy time with family and friends. It has been so pleasing to have the children back in school, they have all settled really well and engagement in learning is really positive across all classes.

During the Easter break we were able to provide an onsite provision for Year 3 and 4, we know from feedback how appreciated this was by parents. The children also reported how much fun they had! We are really hoping to be able to offer a provision during the May half term and the summer holidays - look out for more information coming soon.

Staffing updates

We are really pleased to inform you that Miss Finn has successfully completed her induction with us, congratulations to Miss Finn! We are really looking forward to continue to have Miss Finn working with us next year.

Miss Devin has successfully completed her placement with us and has secured the maternity cover position in Miss Dunger's absence. Congratulations and welcome to the team Miss Devin! And saving the best news for last, I am pleased to share that Miss Dunger and her partner have welcomed baby Alayah to the world, she is beautiful and we all cannot wait to meet her

NSPCC Number Day

On the 7th May children are invited to come to school wearing number themed clothing in exchange for a £1 donation to the NSPCC charity. Across the school, number and maths themed activities will be taking place with an end of day celebration assembly to share our learning and experiences

Gosport Futures

Since returning to school, all of the Rowner team (adults and children!) have been working hard to demonstrate our Gosport Future qualities! These are a set of qualities that support us in being our best selves, helping us to develop our character and supporting us in building the skills that we need to be successful in all areas of our lives.

The Gosport Futures include: Aiming High, Staying Positive, Leadership, Listening, Speaking, Teamwork, Problem solving and Creativity!

We have all enjoyed a range of exciting opportunities to display our GF qualities in lots of areas across the curriculum. Can you challenge yourself to show some of our GF's at home too?

Payments

We continue to experience late payments for breakfast and after school club and school meals despite frequent reminders. It is essential that these payments are made promptly as the sessions and meals are taken. Unfortunately, there may be times where we are not able to offer sessions or meals because a debt has occurred. If you are having difficulty paying please contact the school office who will be able to implement a payment plan with you.

Attendance

Our attendance for all learners continues to improve and nearly 100% of children are now arriving on time. We are so very proud of the improvements made, a huge thank you to all of our parents and carers supporting us by getting their children to school on time.

Curriculum

In the Summer term, our key learning theme is 'Our place in the world'. Children will have the opportunity to explore and gain a deeper understanding of their place in the local, national and global world around them.

Because we are a coastal town, lots of our learning links with water processes, and topics relating to seas and oceans.

Later this term, we hope to be able to invite you to a fantastic sharing event to showcase the children's amazing learning- watch this space for more information!

Attendance is monitored daily. We have a duty to follow up on any non attendance in school. Please help us by reporting any absence using the office number 01329 280299 or by completing the absence form which can be found here <https://rowner.gfmat.org/for-parents/email-absence>
