

The Pupil Premium is additional funding for publicly funded schools in England to raise the attainment of disadvantaged pupils (those receiving FSM, CiC or recently adopted). The Pupil Premium funding is provided to schools which is in addition to main school funding. It is for schools to decide how the Pupil Premium is spent since they are best placed to assess what additional provision should be made for the individual pupils within their responsibility. The Primary Phase committee and the Board of Executives monitor the impact of the spend.

**To ensure the school is allocating Pupil Premium to aid the attainment of our pupils we use a three tiered approach that is based on existing evidence about the effectiveness of different strategies :**

**Tier 1: High quality for teaching and learning;**

- Clear focus on quality first teaching
- Collect and analyse data on groups and individual pupils to identify and address main barriers to learning. These are monitored at regular Learning Reviews
- Professional learning enables staff to understand how children learn and retain their learning, as well as providing models of good practice for all.
- Collaboration across the phases ensures that pupils have the necessary support in place at the start of their next learning journey.

**Tier 2: Targeted support through specific interventions linked to overcoming barriers to learning**

- Interventions are put in place when progress has slowed. These cover both academic as well as emotional and social targeted interventions.

**Tier 3: Wider strategies to support pupils that experience socio-economic disadvantage**

- Rigorous approaches are implemented to ensure that attendance does not become a barrier for pupils.
- Pupils emotional wellbeing and mental health is supported and effectively managed.
- Aspiration and ambition for our pupils is an integral part of the curriculum offer they receive.

Our whole staff approach enables all stakeholders to understand and implement the strategies being used and secures staff commitment to the importance of the pupil premium agenda.
